

H315 BACHELOR OF NUTRITION SCIENCE

FACULTY OF HEALTH

FOR STUDENTS COMMENCING TRIMESTER 1 2019

Master of Dietetics Pre-Requisite Major Sequences

Name: Student ID:

Updated: 14/03/2019

When you first enrol via StudentConnect and go through the enrolment steps, you may be able to simply confirm any units that are pre-populated for you. You can also add any that you need to do, as part of your first year's enrolment – by using the information on this map and in the Handbook.

H315 course rules - In order to qualify for the award of Bachelor of Nutrition Science (H315), students must complete 24 credit points, which must include the following:

12 core units

Completion of either the 6 unit Food Innovation major sequence or 6 HSN coded (nutrition and food) elective units

Maximum 10 credit points can be from Level 1

6 elective units which may form a major sequence and can be selected from any faculty

Minimum 6 credit points at Level 3

HAI010 Academic Integrity (0-credit-point compulsory unit)

FOR USE ONLY WHEN UNDERTAKING A CONSULTATION WITH A STUDENT ADVISER:

MASTER OF DIETETICS PRE-REQUISITE UNITS

| |
|---|
| HBS109 Human Structure and Function |
| HSN101 Foundations of Food, Nutrition and Health |
| HSN104 The Science of Food |
| HSN107 Physiology of Human Growth and Development |
| SLE133 Chemistry in our World |
| SLE155 Chemistry for the Professional Sciences |
| HSE208 Integrated Human Physiology |
| HSN202 Lifespan Nutrition |
| HSN211 Nutritional Physiology |
| SLE212 Biochemistry |
| SLE222 Biochemical Metabolism |
| HSN301 Diet and Disease |

GENERAL INFORMATION

This course map is a guide only. You must, in addition to using this map, ensure you meet the course rules and structure as set out in the official University Handbook - of the year you commenced your course (deakin.edu.au/handbook). This course map has been created to be used electronically.

This course map is a typical enrolment pattern for full time study. To study part time you would typically undertake two or fewer units each trimester/semester, which will extend the duration of your studies. Trimester 3 is optional.

Each year's unit offerings options can be found via 'Advanced Unit Search' in the most current year's Handbook.

If you have applied for or received credit for units as recognition of your prior learning (**RPL**), it may alter your course pattern and the units you need to undertake.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit choices.

SPECIFIC COURSE INFORMATION

Compulsory zero (0) credit point units/programs/modules - HAI010 Academic Integrity (0-credit-point compulsory unit) Trimester 1 2019; SLE010 Laboratory and Fieldwork Safety Induction Program (0 credit points) - Trimester 1 2019, HSN010 Food and Nutrition Laboratory Safety (0 credit points) - Trimester 2 2019 and HSE010 Exercise and Sport Laboratory Safety (0 credit points) - Trimester 2 2020

Note for students who are planning on applying for Master of Dietetics course in future: Completing units at other institutions, instead of the approved H718 dietetic pre-requisites units at Deakin is strongly discouraged (even if previously approved as equivalent) as we cannot guarantee that they will be eligible for dietetics, even if Credit for Prior Learning is granted.
