

H315 BACHELOR OF NUTRITION SCIENCE

FACULTY OF HEALTH

FOR STUDENTS COMMENCING TRIMESTER 1 2020

Name: _____ Student ID: _____

Updated: 06/09/2019

When you first enrol via StudentConnect and go through the enrolment steps, you may be able to simply confirm any units that are pre-populated for you. You can also add any that you need to do, as part of your first year's enrolment – by using the information on this map and in the Handbook.

YEAR 1 Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR 2 Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR 3 Year: <input type="text"/>	Trimester 1				
	Trimester 2				
	Trimester 3				

H315 course rules - In order to qualify for the award of Bachelor of Nutrition Science (H315), students must complete 24 credit points, which must include the following:

- 12 core units (these are compulsory);
- Completion of HSN010 Food and Nutrition Laboratory Safety prior to your first laboratory based unit in this course;
- Completion of either the 6 unit Food Innovation major sequence or 6 HSN coded (nutrition and food) elective units;
- 6 elective units which may form a major sequence and can be selected from any faculty;
- No more than 10 credit points may be taken at level 1 and at least 6 credit points must be taken at level 3; and
- Completion of HAI010 Academic Integrity (0-credit-point compulsory unit) in first trimester of study.

H315 BACHELOR OF NUTRITION SCIENCE

FACULTY OF HEALTH

GENERAL INFORMATION

This course map is a guide only. You must, in addition to using this map, ensure you meet the course rules and structure as set out in the official University Handbook - of the year you commenced your course (deakin.edu.au/handbook). This course map has been created to be used electronically.

Not all units are available in all study periods or mode of delivery. Full time study is typically three to four units (or credit points) each study period – this is a typical enrolment pattern. Part time study is typically one to two units (or credit points) each study period – this enrolment pattern of study will extend the duration of your studies. Trimester 3 is typically an optional study period - unless it's your first study period and/or a compulsory study period for your course (see your course structure in the [Handbook](#)).

Each year's unit offerings options can be found via 'Advanced Unit Search' in the most current year's Handbook.

If you have applied for or received credit for units as recognition of your prior learning (**RPL**), it may alter your course pattern and the units you need to undertake.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit choices.

SPECIFIC COURSE INFORMATION

COMPULSORY ZERO (0) CREDIT POINT UNITS:

When you see a credit point unit that has a co-req (co-requisite) unit listed next to it, this indicates that you need to enrol in the co-requisite unit in the same trimester as the credit point unit. You only need to complete these co-requisite units once in your degree.

For example: HSN106 has the co-req HSN010, this means you need to enrol into HSN010 in the same trimester as HSN106. You would not need to complete HSN010 again in your degree.

The following co-requisite units need to be completed in your degree:

Year 1, Trimester 1 - HAI010 Academic Integrity & SLE010 Laboratory and Fieldwork Safety Induction Program

Year 1, Trimester 2 - HSN010 Food and Nutrition Laboratory Safety
