DEAKIN'S SCHOLARSHIP PROGRAM

Access to higher education is very important to Deakin University. That's why we offer a range of scholarships to help students from many different backgrounds, with the costs of tuition and accommodation.

Each Deakin scholarship provides financial assistance, with several incorporating work-integrated learning opportunities or a mentoring component.

The University recognises and rewards high-achieving students through its wide range of academic excellence scholarships.

Access and equity is one of Deakin's core commitments and this is reflected in the growing number and range of access and equity, accommodation and Indigenous scholarships available at the University. These scholarships are developed specifically for people who might not otherwise have the opportunity to access higher education – students from disadvantaged financial backgrounds; students from regional and rural backgrounds; students with a disability; mature-age students; and Aboriginal and Torres Strait Islander students.

Deakin's Scholarship Program is supported by a number of valued partners, in addition to the University, who see the importance of helping future Deakin graduates to achieve their best.

We encourage you to take the time to read about the range of scholarships available through the Deakin Scholarships Program.

If you need further information, please do not hesitate to contact us on 1300 DEGREE (1300 334 733) or email scholarships@deakin.edu.au.

The Deakin Team

THE DIFFERENCE IS DEAKIN

In addition to our valuable industry partnerships, strong research focus, vibrant Campuses and state-of-the-art facilities, students tell us the thing they notice most about Deakin is that it is a supportive and friendly place to study.

Study where you want

- Deakin has four Campuses – in Melbourne at Burwood, Warrnambool on Victoria's south-west coast and two in Geelong, allowing you to choose between metro, regional or rural study environments. You can also study where you live and earn while you learn by taking advantage of our off-campus study options.
- Study around the world for up to 12 months through our overseas study programs.
- Combine your degree with real workplace experience through Deakin's industry placements and internships.

Study how you want

- At Deakin you can study professional awards such as law, accounting or engineering from day one, instead of completing a general degree first.
- Deakin offers flexible delivery through our off-campus study options and a choice of full-time or part-time study, or a combination of both.
- Deakin uses a range of technology to deliver its courses including online resources like podcasts and MP3s.
- Deakin's trimester system allows you to graduate sooner and get a head start on your career. You can commence your degree early, fast-track your degree or complete a three-year bachelors degree in two calendar years. Alternatively, you have the option of studying a part-time load over three trimesters and still graduate with your peers (subject to unit availability).

Study what you want

- We have more than 550 undergraduate and 150 postgraduate courses to choose from in a diverse range of fields. We offer traditional courses, such as arts, science and commerce. We have exciting new disciplines such as sport, environment, and nutrition; and professional fields such as architecture, medicine, law, engineering, information technology, nursing, teaching, psychology, business and management.

Study when you want

- You can structure your study to suit your life – choose between full-time, part-time, on or off-campus study.
- If you are thinking about deferring, Deakin offers up to 24 months deferral. Our gap year program allows you to network with fellow Deakin students and access student support services. You can also study one or two subjects (on or off campus), allowing you to gain credit and get a head start on your degree.

HOW DO I APPLY FOR A DEAKIN SCHOLARSHIP?

Scholarships can help offset the costs of university tuition fees while allowing you to focus on your studies. In addition, depending on the course, eligible Commonwealth Supported Place (CSP) students and fee-paying students may obtain a loan via the Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP) or respectively through Fee-Higher Education Loan Program (FEE-HELP).

Recipient of Barwon Water Civil Engineering Scholarship

He receives an annual scholarship of \$5000 for the duration of his course and the opportunity to undertake paid work experience at Barwon Water over the summer break.

Wanting to stay in the area and enjoy a coastal lifestyle, Deakin was a logical

choice for Karl who liked the friendly, semi-rural feel of the Campus and the fact that civil engineering is offered.

'Work experience at Barwon Water will build on the knowledge and experience that I already have. I'm really looking forward to it. It will definitely be worthwhile and rewarding,' he says.

Bachelor of Social Work at the Institute of Koorie Education, Geelong Campus at Waurn Ponds

'When I decided to pursue a Bachelor of Social Work, I wanted two things: a university that offered a community-based model and one that had a reputation for assisting students to pursue their goals. The Institute of Koorie Education at Deakin gave me what I wanted and more. The community-based model allows me to study in my own community with the

option of attending two-week intensive blocks. The Institute has a reputation for assisting students to reach their full potential. The course lecturers bring real-life experiences into the classroom, there is an impressive array of guest speakers and a diverse body of students to stimulate class discussions.

Kaitlin McKinlay *Studying Bachelor of Medicine Bachelor of Surgery, Geelong Campus at Waurin Ponds*

'I'm originally from Wangaratta in north-east Victoria and I was lucky enough to be awarded a scholarship. Before receiving this scholarship I had some serious concerns about my ability to afford moving to Geelong in order to start my degree.

My scholarship not only allowed me to take up my place in my course, but it has also helped me in other ways. By covering my accommodation expenses it has meant that I have not had to work during the year to support myself. This has meant that I can concentrate on my studies and this has been an important advantage in

such a demanding and high-workload degree as medicine.

My scholarship has been of great assistance to me and it has definitely made my life a lot easier and less stressful. I hope that one day I too will be able to donate such a priceless gift, so that other young people will also be able to follow their dreams to go to university.'

Mr Geoff Handbury AO

'I am delighted with the commencement of the Medical School at Deakin University, as I am acutely aware of the shortage of doctors in rural Victoria. For those students who need to relocate to undertake the medical course, I am pleased to assist them by providing accommodation scholarships. Giving financial assistance to young people in need is a great joy in my life.'

OTHER SCHOLARSHIPS

Other scholarships available for future Deakin students

In addition to the scholarships listed in this guide, there are a number of other scholarships available for future Deakin students including Commonwealth scholarships and external scholarships.

Commonwealth scholarships

New scholarships for students from April 2010

The Australian Government is changing student income support – Youth Allowance, Austudy and ABSTUDY – to create a fairer system for more students and to ensure increased support for those who need it most. The changes will particularly benefit students from low socio-economic backgrounds and students who have to move away from home to study, including rural and regional students.

From April 2010, Centrelink will pay two new scholarships to students in higher education to assist with the costs of studying and living away from home. You don't need to apply for these scholarships. They will be paid automatically to eligible students.

The new Student Start-up Scholarship available through Centrelink

The new Student Start-Up Scholarship will be paid to eligible Youth Allowance, ABSTUDY (Living Allowance) or Austudy students undertaking a qualifying higher education course, not already in receipt of a Commonwealth Education Costs Scholarship or National Priority Scholarship.

The Student Start-up Scholarship pays \$650 (in 2010) for each six months of eligible study. This amount will increase to \$1064 (indexed) for each six months of eligible study from 2011. Payments are made through Centrelink at the beginning of each semester (Trimesters 1 and 2 at Deakin) to help with the up-front costs of studying, such as textbooks and specialised equipment. Eligible students will still receive the full amount of the Student Start-up Scholarship, even if they are not on the maximum payment rate from Centrelink.

The new Relocation Scholarship available through Centrelink

The new Relocation Scholarship will be paid to eligible dependent Youth Allowance (living away from home rate) and ABSTUDY (Living Allowance) students undertaking a qualifying higher education course, not already in receipt of a Commonwealth Accommodation Scholarship or National Accommodation Scholarship, who need to live away from home to undertake full-time higher education. Some independent students may also be eligible.

The Relocation Scholarship provides students with a lump-sum payment of \$4000 (indexed) when they first move away from home to commence study and another \$1000 (indexed) in each year of study after that. These payments will help with the costs of setting up a new place to live.

For further information, visit www.centrelink.gov.au, www.goingtouni.gov.au or www.deakin.edu.au/future-students/scholarships.

Associate Degree

As part of the Deakin at Your Doorstep initiative the Associate Degree of Arts Business and Sciences is a two-year, full-time (or part-time equivalent) program designed for students who would benefit from a supported entry to tertiary study. The degree course structure provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of Deakin bachelors degrees.

Australian Tertiary Admission Rank (ATAR)

The comparative percentile ranking for students in their final year of secondary school in Australia.

Bachelors degree

An undergraduate award. Normally the first university degree undertaken.

Clearly-in ATAR

The ATAR most school-leaver applicants need to achieve to be offered a Commonwealth Supported Place in a particular course.

Combined course

An approved combination of courses, undertaken simultaneously, which leads to the conferral of two awards e.g. Bachelor of Arts/Bachelor of Laws. This means students can complete two degrees in less time than it would normally take to complete the degrees separately.

Commonwealth Supported Place (CSP)

A university place for which the Australian Government makes a contribution towards the cost of a student's education.

Credit point

Students must complete a specified number of credit points before being eligible to obtain their degree. The number of credit points required varies from course to course. One credit point represents one-quarter of a full-time student's normal workload during a trimester.

Current student

Any student who has enrolled and started their undergraduate, honours, medical or postgraduate degree.

Deferment

The approved postponement of study for a specified period, prior to the first enrolment in a course.

Faculty

An organisational division within a university; for example, the Faculty of Arts and Education is one of four Faculties at Deakin University. Within each Faculty are several schools, i.e. the School of Law is within the Faculty of Business and Law.

Fee-Higher Education Loan Program (FEE-HELP)

A loan scheme for Fee-Paying Place (FPP) students, repayable through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

Future student

Any student entering the first year of an undergraduate, honours, medical or postgraduate degree.

Graduate entry

A course that requires completion of a prior undergraduate degree for entry. Deakin's Bachelor of Medicine Bachelor of Surgery is a graduate-entry course.

Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP)

A loan scheme that helps eligible Commonwealth supported students pay for tuition costs.

Postgraduate degree

Courses of study beyond bachelors level, including graduate certificates, graduate diplomas, masters and research degrees. Eligibility for entry to a postgraduate course normally requires a completed undergraduate degree.

Prerequisite

Subject(s) which must be successfully completed, to be considered for selection into a course.

Student contributions

The amount Commonwealth supported students contribute for each unit of study.

Trimester

A method of organising the academic year into three 12-week teaching periods. Trimester 3 is offered as an optional additional trimester between November and February each year.

Undergraduate

An undergraduate student is someone studying for their first degree.

Unit

A university subject or unit is normally one or two trimesters long and may have a value ranging from 1 to 4 credit points.

Victorian Tertiary Admissions Centre (VTAC)

Centralised admissions centre for most undergraduate university and TAFE or equivalent courses in Victoria.

Weighted Average Mark (WAM)

The Weighted Average Mark (WAM) is calculated by multiplying the mark obtained for each relevant result, by the units of credit of the particular course, adding up the products and dividing by the total number of units of credit for the relevant courses.
