CIVIL ENGINEERING MAJOR SEQUENCE - NO MATHS METHODS

FOR STUDENTS COMMENCING TRIMESTER 2 2025

Last updated 28/01/2025

When you first enrol via StudentConnect and go through the enrolment steps, you may be able to simply confirm any units that are pre-populated for you. You can also add any that you need to do, as part of your first year's enrolment – by using the information on this map and in the Handbook.

You must also complete the following compulsory zero (0) credit point units: STP010 Career Tools for Employability (0 credit points)

AND SEJ010 Introduction to Safety and Project Oriented Learning (0 credit points)

AND DAI001 Academic Integrity and Respect At Deakin (0 credit points)

<b>YEAR 1</b> Year: 2025	Trimester 2

<b>YEAR 5</b> Year: 2029	Trimester 1				
	Trimester 2				
	Trimester 3				
<b>YEAR 6</b> Year: 2030	Trimester 1				
	Trimester 2				
	Trimester 3				

It is recommended students undertake SEJ441 and SEJ446 in consecutive trimesters.

@Students who have not completed VCE Mathematical Methods should complete SIT190 in their first trimester of study before enrolling in SIT194 and SIT199. This unit replaces an elective.

\*Students must have successfully completed STP010 Career Tools for Employability (0-credit point unit) before commencing SEL798 Engineering Industry Experience A

+Students enrolled in Online mode for these units are required to attend campus mode conducted activities during the corresponding Intensive Activities in a trimester. Attendance at campus mode activities is linked to assessment requirements within the Engineering programs, failure to attend will result in not meeting the hurdle requirement of the respective assessment. Thus, a fail grade shall be awarded for the respective affected unit(s) for that particular trimester.

## Notes

## GENERAL INFORMATION

This course map is a guide only. You must also ensure you meet the course rules and structure as set out in the official [University Handbook](#) of the year you commenced your course. This course map has been created to be used electronically.

Not all units are available in all study periods or mode of delivery.

- Full time study is typically three to four units (or credit points) each study period.
- Part time study is typically one to two units (or credit points) each study period – part time study will extend the duration of your studies.
- Trimester 3 is typically an optional study period - unless it's your first study period and/or a compulsory study period for your course.

Unit options can be found in the '[Advanced Unit Search](#)' in the most current year's University Handbook.

If you have applied for or received credit for units as recognition of prior learning (RPL), it may alter the units you need to study.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit options.
