D304 COURSE RULES

In order to qualify for the award of Bachelor of Science/ Master of Teaching (Secondary) (D304), students must complete 36 credit points, comprising of 24 credit points from the Bachelor of Science, and 12 credit points from the Master of Teaching:

Bachelor of Science Studies:

- 7 credit points of core science units;
- 2 credit points of units as follows: students who have not completed Year 12 Chemistry or equivalent take SLE133 and SLE155; students who completed Year 12 Chemistry or equivalent take SLE155 and 1 cp elective (must be Science course grouped);

One approved Bachelor of Science major sequence of at least 6 credit points selected from:

- One of Animal Biology, Cell Biology, Genomics, Human Biology or Plant Biology
- Chemistry
- Environmental Science
- Mathematical Modelling
- 5 credit points of Science course grouped elective units chosen from a second Bachelor of Science major listed above^
- 4 credit points selected from Education Electives List
- Must complete 6 credit points at level 3

Master of Teaching (Secondary Studies)

- 7 core teaching units (8 credit points);
- 2 curriculum study units in first teaching specialist area;
- 2 curriculum study units in second teaching specialist area.
- Completion of 60 days of supervised professional experience and successful completion of the Deakin Teaching Performance Assessment.

*These units contribute towards the course requirement of 60 days of supervised professional experience (refer to handbook for number of days required in each unit indicated).

Following successful completion of the first 3 undergraduate levels of the course, students with a Weighted Average Mark (WAM) above 60 progress to the postgraduate level of the course. Students cannot progress to the postgraduate level of study without completing all 24 credit points at undergraduate level. A WAM of less than 60 results in an alternative exit from D304 with award S320 Bachelor of Science.

A Working with Children Check and completion of CASPer selection is required before commencing school experience in Trimester 3 of Year 3.

Students wishing to pursue studies in Geography should discuss unit selections with their enrolment officer

GENERAL INFORMATION

This course map is a guide only. You must also ensure you meet the course rules and structure as set out in the official [University Handbook](#) of the year you commenced your course. This course map has been created to be used electronically.

Not all units are available in all study periods or mode of delivery.

- Full time study is typically three to four units (or credit points) each study period.
- Part time study is typically one to two units (or credit points) each study period – part time study will extend the duration of your studies.
- Trimester 3 is typically an optional study period - unless it's your first study period and/or a compulsory study period for your course.

Unit options can be found in the '[Advanced Unit Search](#)' in the most current year's University Handbook.

If you have applied for or received credit for units as recognition of prior learning (RPL), it may alter the units you need to study.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit options.
