

Research papers: Emeritus Professor Clive Moore, University of Queensland

The collection consists of documents, research material and correspondence relating to British New Guinea and its annexation, compiled by Prof. Clive Moore (1951-). Included are government records, published and unpublished records, London Missionary Society material and newspaper material. The collection also includes research statistics collected by Ralph Shlomowitz relating to health and labour in British New Guinea.

Extent: 3m. (16 boxes)
