## Course progress check

- 1 Have you checked the course rules in the Handbook of the year you commenced your studies?
- 2 Have you checked the course progression in StudentConnect?
- 3 Submit this form to Student Central, via email to [health-enquire@deakin.edu.au](mailto:health-enquire@deakin.edu.au)

**A Student Adviser will check your units and will confirm your course plan or provide advice as needed.**

For course rules please visit: [deakin.edu.au/H343](http://deakin.edu.au/H343)

### H343 course rules

I understand that to qualify for the award of Bachelor of Exercise and Sport Science (**H343**), I must complete 24 credit points. Also:

I must complete 16 credit points of core units.

I must not complete more than 10 credit points from Level 1

I must complete 8 electives units, which can be from other faculties

I must complete at least 6 credit points at Level 3

I understand that this course map is for illustrative purposes only and that it is my responsibility to check the Handbook on the Deakin website for the most up-to-date information available: [deakin.edu.au/handbook](http://deakin.edu.au/handbook)

#### Note on ESSA Registration:

H343 Bachelor of Exercise and Sport Science students who have been awarded Credit for Prior Learning for non-university studies, such as credit for prior learning obtained via TAFE study or Deakin College, please note that they may not be eligible for immediate registration with ESSA. This does not mean that ESSA registration is not available to you. What it means is that registration is not automatically granted as a Deakin graduate from the H343 Bachelor of Exercise and Sport Science course. You can still apply to ESSA for membership but you will need to apply on your own directly to ESSA when you have completed your course. Application details can be found on the ESSA website, and you will be required to complete the non-NUCAP form (<https://www.essa.org.au/membership/ways-to-join-essa>). In the application you would need to demonstrate that you have met the exercise science knowledge and skills requirements.
