

H343 BACHELOR OF EXERCISE AND SPORT SCIENCE

FACULTY OF HEALTH

FOR STUDENTS COMMENCING TRIMESTER 1 2021

Last updated 24/09/2020

When you first enrol via StudentConnect and go through the enrolment steps, you may be able to simply confirm any units that are pre-populated for you. You can also add any that you need to do, as part of your first year's enrolment – by using the information on this map and in the Handbook.

You must also complete the following compulsory zero (0) credit point units: [HAI010 Academic Integrity](#) (0 credit points)

AND [HSE010 Exercise and Sport Laboratory Safety](#) (0 credit points)

YEAR 1 <small>Year: 2021</small>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR 2 <small>Year: 2022</small>	Trimester 1				
	Trimester 2				
	Trimester 3				

YEAR 3 <small>Year: 2023</small>	Trimester 1				
	Trimester 2				
	Trimester 3				

Note: Some units have a co-requisite unit, which means the co-requisite unit must have already been completed or will be completed in the same study period as the credit point unit. A co-requisite unit only needs to be completed once in your degree. For example: HSE102 Functional Human Anatomy has a co-requisite unit of HSE010 Exercise and Sport Laboratory Safety.

Bachelor of Exercise and Sport Science students who have been awarded Recognition for Prior Learning **based on informal or non-formal learning ie. work experience**, may not be eligible for immediate accreditation with ESSA. This does not mean that ESSA accreditation is not available to you. What it means is that to apply to become an AES you will need to do so through the [non-ESSA Accredited Course](#) application pathway.

Students who are planning on applying for Master of Dietetics course in future: Completing units at other institutions, instead of the approved H718 dietetic pre-requisites units at Deakin is strongly discouraged (even if previously approved as equivalent) as we cannot guarantee that they will be eligible for dietetics, even if Credit for Prior Learning is granted. To complete the Master of Dietetics Pre-requisites in this course, students will need to complete a 25th credit point which will be charged at full-fee paying rate. Please contact a course adviser at health-enquire@deakin.edu.au.

GENERAL INFORMATION

This course map is a guide only. You must also ensure you meet the course rules and structure as set out in the official [University Handbook](#) of the year you commenced your course. This course map has been created to be used electronically.

Not all units are available in all study periods or mode of delivery.

- Full time study is typically three to four units (or credit points) each study period.
- Part time study is typically one to two units (or credit points) each study period – part time study will extend the duration of your studies.
- Trimester 3 is typically an optional study period - unless it's your first study period and/or a compulsory study period for your course.

Unit options can be found in the '[Advanced Unit Search](#)' in the most current year's University Handbook.

If you have applied for or received credit for units as recognition of prior learning (RPL), it may alter the units you need to study.

Please seek advice from a Student Adviser in StudentCentral if you have any queries or need help understanding your course structure and unit options.
